ACE CELLS LAB **ANTI-WRINKLES CREAM**

Expertly formulated with a high-performance blend of advanced biomolecules and nourishing ingredients, this cream targets the visible signs of aging, smoothing fine lines and softening wrinkles while restoring vitality and radiance to your complexion.

ACE CELLS LAB ANTI-WRINKLES CREAM

KEY BENEFITS

- **Advanced Skin Regeneration**
Combines mesenchymal stem-cell-derived factors and potent botanical extracts to support skin renewal and regeneration.
- **Reduces Wrinkles & Fine Lines**
Stimulates collagen synthesis to improve elasticity, diminish fine lines, and smooth the appearance of wrinkles.
- **Enhanced Hydration & Nourishment**
Rich moisturizing components help maintain supple, hydrated skin for a visibly healthier texture.
- **Unified Complexion**
Targets blemishes and uneven tone for a more balanced, radiant look.
- **Suitable for All Skin Types**
Gentle yet effective. Designed for daily use and compatible with a wide range of skin profiles.

HOW IT WORKS

The cream features a sophisticated formulation of:

- **Mesenchymal Stem Cell-derived Biomolecules** for enhanced skin regeneration.
- **Gelatin & Elastin Extracts** to improve firmness and elasticity.
- **Fetal-Derived Cells** that support natural repair processes.
- **Ginseng & Licorice Herb Extracts** to calm and revitalize complexion.

These ingredients work synergistically to boost collagen production, reinforce hydration, and help the skin regain a smoother, more youthful appearance.

DIRECTIONS FOR USE

Apply to clean skin every morning and evening, gently massaging over the face and neck until fully absorbed, and use consistently as part of your daily skincare routine to achieve optimal results.
